

# THINGO HLONGWANE

Facilities Maintenance Technician • Ref: APP-2026-000007

Address: 45 Demo Maintenance Way, Durban, KZN, 4000 | Phone: 000 000 0000 | Email: thingo.demo@example.test

## PROFESSIONAL SUMMARY

Practical and safety-conscious Facilities Maintenance Technician with hands-on experience in municipal building maintenance, structural repairs, basic carpentry, plumbing, painting, and preventative facility inspections. Proven ability to conduct routine building audits, execute rapid repairs, and maintain detailed logs compliant with occupational health and safety standards.

## CORE COMPETENCIES

### Building Inspections & Repairs

Routine facility audits, masonry checks, drywall repairs, door/lock servicing, and roof leak identification.

### Carpentry & Basic Plumbing

Fixture replacements, timber frame repairs, pipe leak sealing, tap replacement, and gutter maintenance.

### Surface Preparation & Painting

Interior/exterior painting, drywall plastering, waterproofing, sealant application, and anti-corrosion coating.

### Preventative Maintenance & OHS

Scheduled equipment checks, hazard identification, compliance logging, and safe chemical handling.

## WORK EXPERIENCE

### Facilities Maintenance Assistant (Demo Role)

Jan 2025 – Present

Durban Municipal Services Hub • Durban, KZN

- Conduct weekly maintenance inspections across 12 municipal offices and community facilities.
- Perform basic carpentry tasks including door repair, cabinet restoration, and hardware installation.
- Repair minor plumbing leaks, clear drainage lines, and replace damaged sanitary fixtures.
- Execute interior touching-up, wall plaster repairs, and exterior surface protective painting.

### Junior Maintenance Technician Intern (Demo Role)

Feb 2024 – Dec 2024

Coastal Facilities Solutions • Durban, KZN

- Assisted senior technicians with structural building inspections and scheduled preventative maintenance.
- Operated basic power tools, sprayers, and ladder safety equipment in strict accordance with OHS guidelines.
- Logged maintenance requests, inventory usage, and completion reports in the central asset portal.

## EDUCATION & TRAINING

### Higher Certificate in Facilities Maintenance & Infrastructure

2023 – 2024

*Durban TVET College (Demo Institute)*

Focused on Building Technology, Workshop Safety, Carpentry, Plumbing Fundamentals, and Structural Maintenance.

### National Senior Certificate (Matric)

2020

*Durban Secondary School (Demo Profile)*
